

C1 `Start-ups Basics. Basics of Financial and Management.

Joint staff meeting – France. December 2021. 2 teachers will be from each partner school.

Goals:

- 1.to get information about the partner schools and other countries
- 2.to analyse the position of entrepreneurial education within each education system
- 3.to train teachers in earlier stages to teach fundamentals of entrepreneurship
- 4.to make comparative analysis of the initial survey findings
- 5.to analyse the results of the initial survey comparatively
- 6.to address the C2-C6 subjects and specifications
- 7.to train about discovering facts related to the opportunities that young people have
- 8.to serve a taste of French culture, habits, customs and traditions, to expand inter-cultural experience and to increase awareness of cultural differences
- 9.to reinforce the relationship/partnership and set the foundation for cooperation
- 10.to develop communicational and organizational skills
- 11.to foster intercultural dialogue

C1 is intended to set the foundation for the whole partnership. It will encompass topic related educational events, cultural activities and activities designed to make participants to better know each other

Therefore, the following will be included:

- 1.Interactive games that would help creating a friendly atmosphere and allowing participants get to know one another. Partner school events and presentations, visiting the host school. Entrepreneurship teaching workshops with a local expert during which instructors explain some basic concepts, discuss with Ts about the importance given to this topic in their own countries.
- 2.Attending lesson – to demonstrate how lessons are organized, how Ss communicate and interact among themselves and with the Ts during regular classes.
- 3.Visiting local businesses and discussions with with regional entrepreneurs, in order to connect with the economic reality of France.
- 4.Artistic events and programme, different cultural visits and presentation of FR cuisine.
- 5.Evaluation activities – during which participants undertake initial/final questionnaires, feedback materials, needed to assess the event's success, Europass mobility documents will be filled in, participation certificates are issued.

We intend to generate the following concrete/quantitative results: theoretical outlines of the courses held with teachers-on paper; event report subsequently completed by the host partners, feedback forms filled in by to participants, participant-designed workshop materials, analysis of the results of initial evaluation , presentations, quizzes about France, action plans for future activities, FR questionnaires, action plan for the following time, overview of entrepreneurial education in each region, images, short videos, testimonies.
